"Through the work of the VISTAs at the Friends of Pompeys Pillar, we have been able to set up an educational program (the Teacher Tote Program) for low-income students at Title I schools.

The program is intended to pique the curiosity of students through in-class presentations and outdoor visits to Pompeys Pillar National Monument so they can learn about the rich history of Pompeys Pillar and the surrounding area. The VISTAs work provides a wonderful opportunity for these students to learn and benefit from new experiences to help them gain the tools they will need to lift themselves out of poverty through education and new experiences."
