- Fund Development

QUICK FACTS:

- Over \$19,774 generated
- 259 volunteers recruited & trained
- 313 volunteer hours

“The commitment, education, and dedication we have been gifted from our VISTAs is extraordinary.”

Whitetail Run Community Garden was the first community garden activity for the VISTAs. With this garden, we have seen so many things grow- relationships, family communications, capacity building within the community, volunteerism, and a sense of community amongst the participating residents themselves. The garden was also the recipient of a national NAHRO award for sustainability. The VISTA program has motivated us to educate, activate, and elevate. Community gardens are here to stay and to sustain. I give all of the credit to the VISTAs for this continued collaboration.”

Patti Webster, Deputy Director HAB & VISTA Supervisor
