On the cover: Billing Police Department worked closely with other agencies to protect President Donald Trump and his staff during an overnight visit to Billings in September, 2018. The cover photo shows some officers with the President’s motorcade vehicle. *Below:* The same group with BPD command vehicles.

MISSION STATEMENT

The Billings Police Department is committed to improving the quality of life through a customer service, problem solving partnership with the community.

ORGANIZATIONAL VALUES

We are committed to delivering professional police service to Billings under the philosophy of community oriented policing through:

COMMITMENT

- ✚ Being responsive to the need for increased community livability

SERVICE

- ✚ Employing a customer service approach
- ✚ Recognizing that our customers are the community, other personnel within the Department and other City employees

PARTNERSHIP

- ✚ Utilizing a strong police-community partnership for problem solving

INTEGRITY

- ✚ Applying moral, ethical and professional standards

Crime Statistics

Crime Trends for Billings are broken out into two categories:

Property Crimes

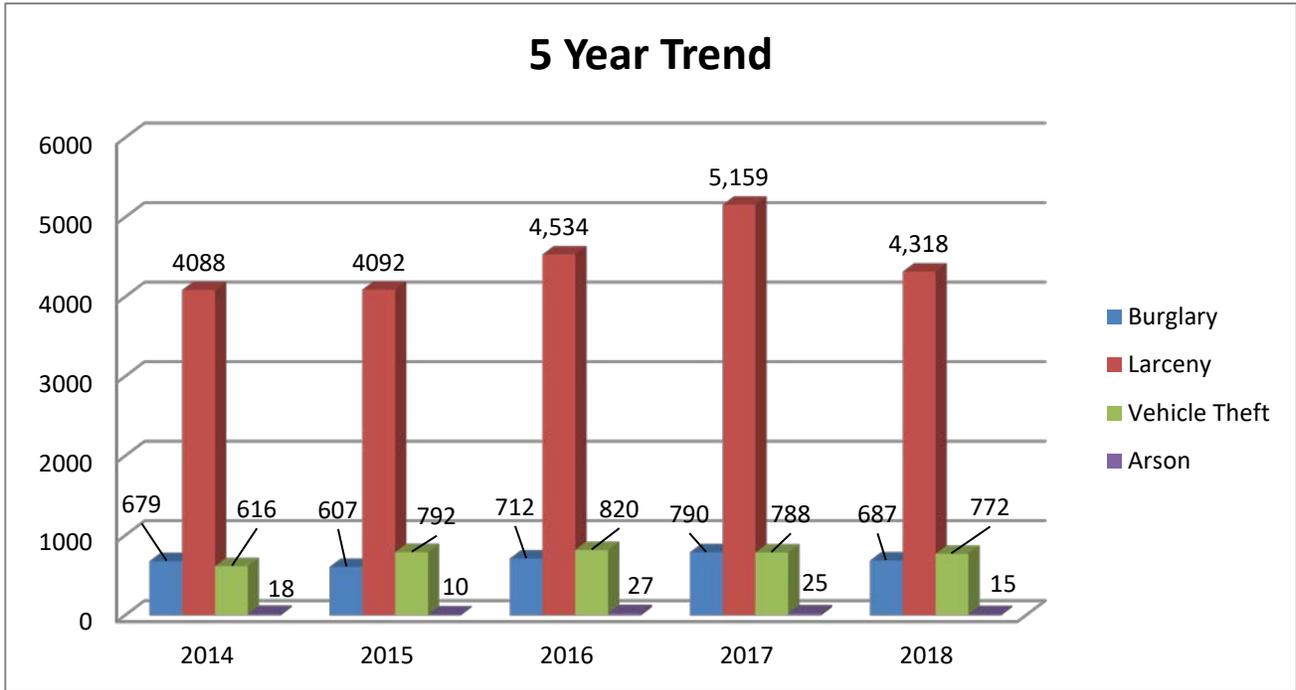

Burglary, Larceny, Vehicle Theft & Arson

Violent Crimes

Murder, Rape, Robbery & Aggravated Assault

These crimes are defined by federal reporting requirements under the National Incident-Based Reporting System.

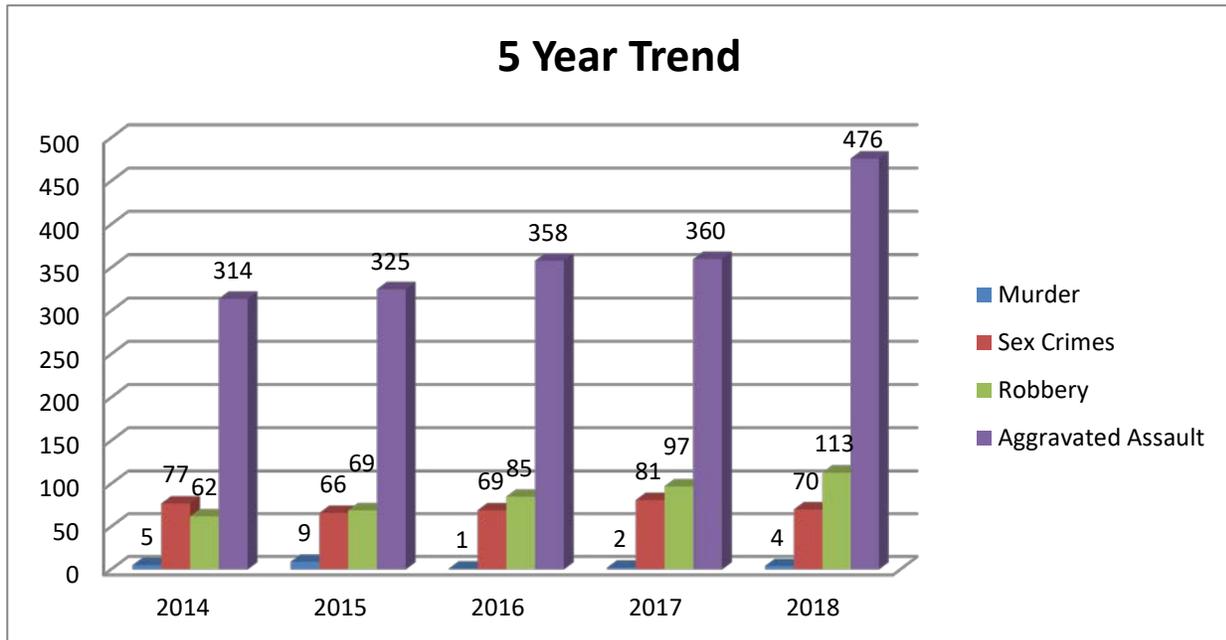

Property Crime Trends

Property Crimes Trends

	<u>2016</u>	<u>2017</u>	<u>2018</u>
Burglary	712	790	687
Larceny	4,534	5,159	4,218
Vehicle Theft	820	788	772
Arson	27	25	15
TOTAL	6,093	6,762	5,692

Violent Crime Trends

Violent Crimes Trends

	<u>2016</u>	<u>2017</u>	<u>2018</u>
Murder	1	2	4
Rape	69	81	70
Robbery	85	97	113
Aggravated Assault*	358	360	476
TOTAL	513	540	663

* 2018 was the first year of reporting the new Montana crime of PFMA-Strangulation which increased Aggravated Assaults by 121.

Crime Listings - Part I Offenses

Part I Offenses are collectively known as Index Crimes. This name is used because the crimes are considered quite serious, tend to be reported more reliably than others, and are reported directly to the police. The less commonly reported crimes are known as Part II Index Crimes. Subcategories are shown to provide greater accuracy.

Did you know?

Billings Police Department is staffed 24/7 by civilian employees who process all of the officers' paperwork. They are certified to access state and national databases to assist officers with information on missing persons, wanted people and stolen items. The staff works with the public to answer questions and provide documents. The Police Department office is open 8 a.m. to 6 p.m. Monday through Friday and 10 a.m. to noon on Saturday.

Investigations Division

Case Activity

Detectives assigned to cases	11
Total cases assigned	478
Total cases cleared	241
Cases cleared by arrest	141
Average clearance time	180 days
Suspicious deaths	29
Homicides*	7
Suicides	26
Overdoses	14
Total death investigations	76

*Homicides include attempted, justified and committed

All death investigations require a minimum of 2 Detectives

Child sex assault and abuse	371
-----------------------------	-----

Reports of child sex assault and abuse in Billings that are made to the Department of Health and Human Services are assigned to Detectives and Investigations Supervisors. Of these reports, 161 were assigned to Detectives and 210 were assigned to Supervisors.

Other Critical Tasks

Photo Downloads	4,324
30 minutes each, 1 Detective assigned	
Cell Phone Extractions	50
3 to 5 hours each, 1 Detective assigned	
Forensic Interviews	69

Averaging 90 minutes each, these technical interviews are conducted by several of the Detectives who have specialized training. The interviews may be for cases assigned to their BPD colleagues or from other agencies.

Telephonic Search Warrants Returned	128
-------------------------------------	-----

Patrol Officers may receive a telephonic search warrant from a judge any time day or night to complete a DUI investigation. When these are issued, Detectives Supervisors ensure the proper paperwork is returned to the courts.

Billings Police Department works in cooperation with the Montana Department of Justice and the National Sexual Assault Kit Initiative. The project funds analyzing sexual assault kits and submitting the results to the national Combined DNA Index System (CODIS) database to try identifying suspects. There is 1 detective assigned to this project.

BPD has submitted 430 sexual assault kits and re-opened 14 cases based on CODIS hits.

Evidence and Identification Divisions

The Evidence and Identification Divisions are overseen by a Police Lieutenant and a civilian Identification Supervisor. Three evidence technicians process all evidence secured by Billings Police Department. The Identification Supervisor and one technician process fingerprints lifted from crime scenes and with the Crime Analyst create photo lineups for the department.

2018 activity at the evidence facility included:

20,304 items received

25,890 items auctioned, donated, released or destroyed

2018 identification activity included:

Requests for service - videos and supplements	56
Automated Biometric Identification System (ABIS) latent entries	240
Photo lineups	112
Request for service - latents	159
Latent processing supplements/documentation	141
Latent examination supplements/documentation	188
Requests for latents/completions for other agencies	2

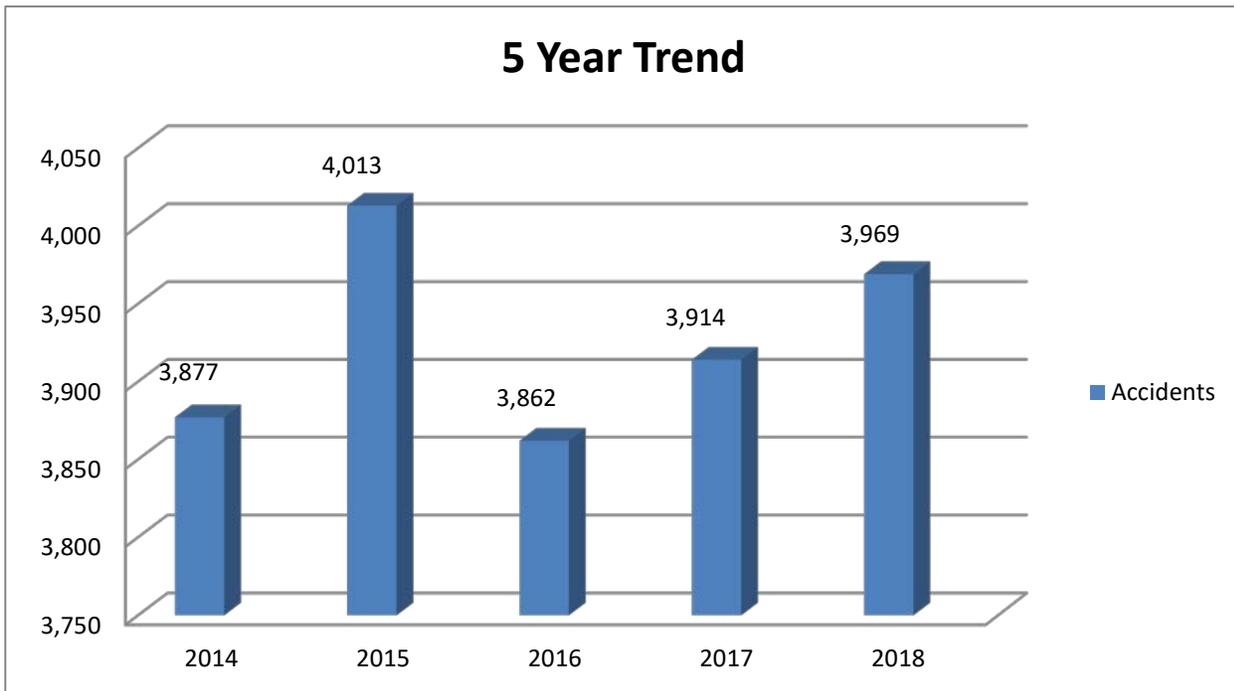

Billings Police Department SWAT team is made up of 14 officers who are highly trained and specialize in high-risk warrant service, fugitive apprehension, hostage rescue and dignitary protection. They train closely with Billings Police Negotiators and the Bomb Squad to deal with critical incidents. A few times a year they show the team's specialized equipment to the community.

Accident & Traffic Statistics

Traffic Accidents Reports

Accident Breakdown

Incident Type:	<u>2016</u>	<u>2017</u>	<u>2018</u>
Accident DUI	67	45	55
Accident Fatality	5	6	13
Accident Hit and Run	967	1,040	991
Accident Property Damage	2,250	2,274	2,321
Accident with Injuries	562	532	548
Accident Non-Investigated (CPC)	4	12	41
TOTAL	3,855	3,909	3,969

On days when a Police Commander finds it is not possible to investigate all accidents during a shift, an Accident Alert is issued.

This limits accident investigations to those accidents that have serious personal injuries, reports of DUI drivers or with disabled vehicles. In these times, drivers involved in accidents exchange insurance and other information and if documentation is required, can complete their own report through the BPD Crime Prevention Center or the Montana Highway Patrol. Commanders opted for Accident Alerts 36 days during 2018.

Monday	411	408	383

This is from the cover of the 1974 Billings Police Awareness Report. Current and retired officers have amassed a "museum" of BPD memorabilia which is being organized and will eventually be displayed.

Traffic Information

*Citations issued includes Montana Code Annotated, Municipal Infractions and Billings Municipal City Code charges

Selective Traffic Enforcement Program

The Selective Traffic Enforcement Program, known as STEP, is made up of 4 patrol officers. Two of these officers are K-9 handlers and their dogs patrol with them. The STEP team focuses on problems areas in Billings and types of traffic offenses, such as extra patrols in school zones, on cell phone details and in neighborhoods where citizens have reported traffic troubles. STEP officers also cover their coworkers on criminal calls and are sometimes needed to work shifts that are not dedicated to traffic enforcement.

2018 STEP Statistics

Warrants	533
Citations	2,578
Warnings	5,646
Cell phone (distracted driving) citations	300

K-9 Program

Police Officers' patrol vehicles are their offices and officers with K-9 partners need extra space. During 2018, BPD added this specialized vehicle which provides space for the dog and still has room to transport prisoners. Three more K-9 vehicles will be completed during 2019. K-9 Kooko is pictured here with the first vehicle to be deployed.

Billings Police Department extends a heart-felt thank you to the many generous members of the community who made it possible to purchase a new K-9 and provide training for its handler during 2018.

Task Force Activity

The High Intensity Drug Trafficking Area Program (HIDTA) is a component of the President's National Drug Control Strategy which provides additional federal resources to help eliminate or reduce drug trafficking and its harmful consequences. Law enforcement organizations within HIDTAs assess drug trafficking problems and design specific initiatives to reduce or eliminate the production, manufacture, transportation, distribution and chronic use of illegal drugs and money laundering and to reduce drug trafficking and related crime and violence. The Eastern Montana HIDTA Drug Task Force was created in 1996 and is part of Rocky Mountain Region which covers Colorado, Montana, Utah, & Wyoming. In 2018, the Billings-based task force was named the “Outstanding Task Force of the Year” for the members’ work combating major drug trafficking organizations.

2018 Stats for the Eastern Montana HIDTA Drug Task Force

District of Montana Task Force Information

The Montana Violent Offender Task Force was established in January 2005 with a stated mission to apprehend persons wanted for felony crimes with a focus on violent offenders. Task force operations began in the Billings office and have since expanded to include the offices in Missoula and Great Falls. The task force officers have apprehended fugitives all across Montana, in several other states, and in other nations. Partner agencies joining the U.S. Marshals Service on the Montana Violent Offender Task Force include the Yellowstone County Sheriff’s Office, Billings Police Department, Montana Department of Corrections Probation & Parole Division, and the U.S. Attorney’s Office.

2018 Stats for the Montana Violent Offenders Task Force

Warrant Closures	660
Cash Seized	\$36,819
Weapons Seized:	
Handguns	24
Long guns	12
Vehicles Recovered	21

Bureau of Alcohol Tobacco, Firearms & Explosives

ATF recognizes the role that firearms play in violent crimes and pursues an integrated regulatory and enforcement strategy. Investigative priorities focus on armed violent offenders and career criminals, narcotics traffickers, narco-terrorists, violent gangs, and domestic and international arms traffickers. Sections 924(c) and (e) of Title 18 of the United States Code provide mandatory and enhanced sentencing guidelines for armed career criminals and narcotics traffickers as well as other dangerous armed criminals.

Cases Referred for Prosecution:	20
Cases Closed/Did not meet prosecution guidelines:	94
Firearms Recovered:	49

FEDERAL BUREAU OF INVESTIGATION

The FBI's investigative authority is the broadest of all federal law enforcement agencies. The FBI's investigative philosophy emphasizes close relations and information sharing with other federal, state, local, and international law enforcement and intelligence agencies. A significant number of FBI investigations are conducted in concert with other law enforcement agencies or as part of joint task forces.

The United States Federal Bureau of Investigation operates 56 field offices in major cities throughout the US and Puerto Rico. Many of these offices are further subdivided into smaller resident agencies which have jurisdiction over a specific area. Billings has a resident office that reports to a field office in Salt Lake City, Utah.

Internet Crimes Against Children

The Internet Crimes Against Children Task Force program is a nationwide initiative under the U.S. Department of Justice Office of Juvenile Justice Delinquency Prevention. The ICAC program encourages partnerships between local law enforcement and federal agencies. These partnerships ensure proper prosecution[s] of those responsible and victim identification & assistance when applicable. The following statistics reflect state-wide efforts by the Task Force, including in Billings.

Recovered Items of Note:

	Value
Bicycle	\$5,800
Federal Agent's equipment	\$8,000
Insulin pump	\$5,000
Welder	\$12,000
Steel	\$20,000

Billings Police Department Bomb Squad is made up of 6 members, including a sergeant. The bomb technicians and the Department's specialized equipment may be called on to respond to critical incidents in Eastern Montana but can deploy anywhere in the state if needed.

Community Relations

Billings Clinic – Billings Police Partnership

In August 2018, the Billings City Council and Billings Clinic entered a 3-year agreement to have an officer dedicated to patrolling the hospital campus. The first officer started in June and a second is expected to be assigned. Officers responded to the Clinic about 125 times last year. More than a quarter of those calls were handled by the Clinic Officer after the assignment began.

School Resource Officers

Billings Police Department SRO positions are funded in cooperation with School District 2. The officers are assigned to individual high schools or middle schools and visit several elementary schools as part of their duties. The 7 SROs working in 2018 wrote 567 cases. These statistics reflect only the months school was in session.

Hours Riding	810	454
Citations	250	158
Warnings	70	23
Arrests	134	41
Total citations, warnings & arrests	454	222

Officers who qualify through training are able to patrol on bicycles during good weather. Officers must ride a minimum of 6 hours each year to maintain their standing on the specialized detail.

Parks Officer

In October of 2017, Parks & Recreation proposed to the Billings Police Department funding a Parks Officer. Officer Nick Lam, while still a sworn officer with the Billings Police Department, works with Parks & Recreation patrolling the parks and trails within the City Limits.

As the new Parks Officer, Officer Lam made contact with as many citizens as possible near the parks, passing out more than 800 business cards, and explaining his position.

A look at the number of disturbances, suspicious, trespass, and alcohol-related calls in nine of the City's largest parks showed a 30% reduction in calls for 2018, compared to 2017. In 2018, Officer Lam made 117 arrests and issued 402 citations at City Parks.

Officer Lam was also tasked with working on the graffiti problem within the City of Billings. Looking at national models of combating this problem, Officer Lam, sought out funding through a grant to receive training on a model he believed was beneficial to the City of Billings.

Officer Lam is implementing this investigative technique and working towards criminal charges for these offenders.

Officer Lam is aided by two weekend volunteers, Justin & Matt Hanes, who travel the City of Billings photographing and logging the locations of graffiti. This is just another example of how important the Volunteers from the Crime Prevention Center are in aiding the officers of the Billings Police Department.

Office of Professional Standards

Annual Statistical Report

January 1, 2018 – December 31, 2018

Introduction

The Office of Professional Standards is directed by a Police Captain who reports directly to the Chief of Police and Assistant Chief. The primary function of this office is the receipt, assignment and investigation of complaints received from citizens or initiated by the department regarding the actions of employees. This office monitors all investigations for timely completion and reports the findings to the complaining parties and subject employee(s).

Other functions include tracking citizen commendations of employees, use of force, pursuits, and assigning staff for follow-up when required. The Office of Professional Standards also manages and tracks the Department's discipline process.

For purposes of this report, the term 'employee' denotes both sworn (officer) and non-sworn (civilian) members of the Billings Police Department.

Complaints

A *complaint* is an incident which gives rise to one or more allegations of misconduct. A single complaint may allege misconduct by multiple employees and/or multiple violations of departmental policies. The number of complaints filed may not equal the number of allegations and findings resulting from the investigation.

Citizen Complaints and Inquiries

Citizen complaints are classified in one of two categories. *Class I* complaints are more serious and include allegations such as excessive force, violations of criminal law, breach of civil rights, bias policing, patterns of similar Class II complaints and other more serious allegations. *Class II* complaints include allegations of inadequate service, discourtesy, minor performance issues, improper procedure and other less serious and non-criminal conduct.

Department Initiated Complaints

If a complaint is initiated by a BPD supervisor or brought to supervisory attention by any BPD employee, it is classified as a department-initiated complaint.

Comparison of the Number of Investigations by Year

	2016	2017	2018
Citizen Complaints - Class I	7	14	5
Citizen Complaints - Class II	71	47	67
Department Initiated – Class I	10	14	11
Department Initiated – Class II	53	69	83
TOTAL INVESTIGATIONS	141	144	166

Classification of Complaints

A single complaint may result in multiple allegations of misconduct. Since the types of allegations may be vastly different, it is difficult to categorize complaints.

	Citizen Class I Complaints	Citizen Class II Complaints	Dept. Initiated Class I Complaints	Dept. Initiated Class II Complaints
Conduct Unbecoming	1	3	0	6
Constitutional Rights Violation	2	0	0	0
Criminal Conduct	2	0	5	0
Demeanor/Rudeness	0	11	0	3
Driving Violation	0	2	0	29
Duty Performance	0	47	2	43
Use of Force	0	0	4	1
Failure to Report	0	1	0	0
Failure to Take Action	0	3	0	1
TOTAL	5	67	11	83

Allegations and Findings

Allegations represent a distinctly different category than complaints. They are assertions of an employee's behavior that, if proven, would amount to a violation of department policy. A single complaint may result in multiple allegations of misconduct against one employee, single allegations against multiple employees, or any combination thereof.

Findings are issued for each allegation in an investigation, including those made by the complainant as well as any allegations of misconduct not included in the original complaint, but that may be discovered during the investigation. Findings are also issued when policy violations are discovered during a review of employee performance following an incident such as a pursuit, a use of force or an employee vehicular accident. For these reasons, the number of findings issued will exceed the number of complaints reported.

Although complaints are the primary basis for our statistical reporting, we also track the findings for each allegation, rather than a single overall finding for each individual complaint. Examining allegations separately from complaints is useful in gaining a more accurate understanding of areas of concern to citizens and to the department.

Findings fall into one of seven categories. The following table represents the findings issued for 2018 cases.

Findings From Allegations During 2018

	Citizen Class I Complaints	Citizen Class II Complaints	Dept. Initiated Class I Complaints	Dept. Initiated Class II Complaints
Proper Conduct	3	25	2	9
Improper Conduct	0	10	2	63
Training Deficiency/ Policy Failure	0	0	0	2
Insufficient Evidence	1	2	2	2
Unfounded	1	20	1	2
Resolved w/ Complainant	0	9	0	4
Pending	0	1	4	1
TOTAL	5	67	11	83

PROPER CONDUCT/TRAINING DEFICIENCY/POLICY FAILURE (Exonerated) – The acts, which provided the basis for the complaint or allegation did occur, but were justified, lawful and proper. This finding also may be used when the acts complained of did occur and were not proper or justified, but resulted from a lack of policy or training.

IMPROPER CONDUCT (Sustained) – The investigation disclosed sufficient evidence to clearly prove the allegations(s) made.

INSUFFICIENT EVIDENCE (Not Sustained) – The investigation failed to discover sufficient evidence to clearly prove or disprove the allegations made.

UNFOUNDED – The investigation conclusively proved that the act or acts complained of did not occur. This finding also applies when individual officer(s) or employee(s) named were not involved in the act or in acts, which may have occurred.

RESOLVED W/ COMPLAINANT – This only applies to Class II Complaints. The determination of guilt may not be clear (Sustained or Not Sustained) whereas the complainant is satisfied with results of investigation.

PENDING – The investigation is still on-going and the findings have not yet been determined.

Citizen Commendation of Employees

Citizens frequently contact the Department to thank or commend employees for acts of service or their response to a particular incident. We also track positive feedback on employee performance. These commendations are received in the form of letters, e-mail messages and phone calls as well as numerous face-to-face comments of appreciation. While written feedback is tracked, some phone calls and personal contacts go unreported. The written feedback on employee performance is routed to and tracked by the Office of Professional Standards.

	2016	2017	2018
Officer Commendations	47	55	49
Number of Employees Involved	75	68	88

Billings Police Department joins the Downtown Billings Alliance Trick or Treat each Halloween. The events gives children a chance to have positive interaction with Officers and provides adults an opportunity to have a fun visit to the Police Department.

2018 Response to Resistance Report

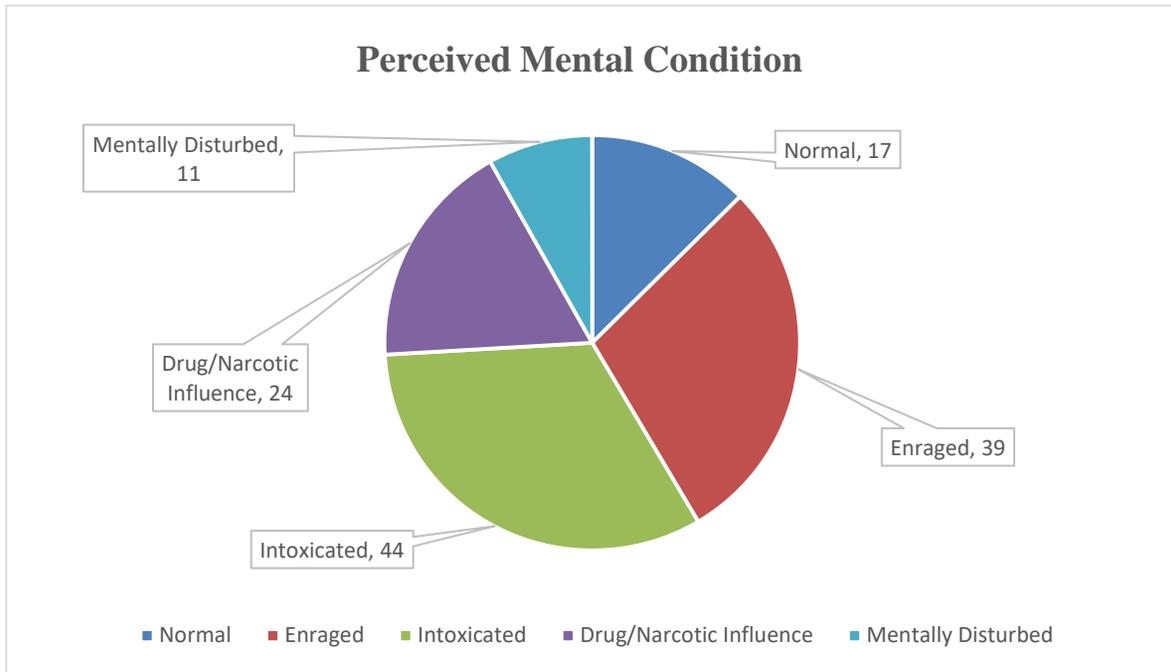

Billing Police Officers used Use of Force 90 times during 2018. The officers record the details of the incident for commanders to assess. The Office of Professional Standards evaluates the incidents throughout the year. Officers are trained on various techniques and may use any level of force, at any time, to meet the circumstances of the situation.

Time	Count	Percentage
Day (6 a.m. to 6 p.m.)	52	57.7
Night (6 p.m. to 6 a.m.)	38	42.3

Beat	Count	Percentage
N/A	2	0
1	7	1.48
2	3	1.27
3	14	8.88
4	12	10.15
5	10	10.57
6	7	8.88
7	15	22.2
8	7	11.84
9	13	24.75

Suspect Race	Count	Percentage

ANIMAL CONTROL 2018 ANNUAL REPORT

ANIMAL CONTROL BOARD

Animal Control Board meetings included the following dates: April 3, 2018; September 11, 2018 and November 13, 2018. Public meetings included Animal Education efforts and events, Animal licensing review and proposed fee increase.

The main focus of the Board was to attend public events and put out education materials to inform the public about animal related issues. Animal Control as well as Board members attended the following events: Bee Keepers Event; Zoo Montana Family Events; Special Olympics BBQ; and Saturday Live.

FACILITY

No major improvements were made to the facilities.

Parking Tickets	794	205	232

City Attorney Brent Brooks competes in Beat The Heat. The 2019 race is on August 24th.

Neighborhood Watch Programs

	2016	2017	2018
Neighborhood Watch Presentations Given	20	12	10
Total Number of Neighborhood Watch Programs	68	71	75
Child ID Kits Given Out	320	40	0*
Crime Prevention Presentations Given	35	31	32

* All packets were given away in 2017

Beat the Heat gives racers a fun chance to outrun Billings Police Officers. These 2018 competitors dressed the part.

Billings Police Chaplains Report

Currently there are 10 volunteer chaplains on the roster: Charles Bott, Stephen Heppner, David Kenat, Ed Sermon, Dennis Sharbono, Phil Stombaugh, Dave Thompson, Gary Waddingham and Jerry Jasmer.

	<u>2016</u>	<u>2017</u>	<u>2018</u>
Call-outs and follow-up	126	93	111
Briefings	501	533	224
Ride-alongs	32	40	27
Training	119	10	10
On-call hour			365
Car maintenance	16	12	21
General assistance			26
Special Events, including prep time	147	125	115
Chaplains meetings	93	87	115
Executive Committees & Public Relations	91	132	123
Time spent with department personnel, including time spent at CPC	151	165	66
Jail & other detention facilities	<u>46</u>	<u>111</u>	<u>35</u>
Total number of hours logged	1,322	1,308	1,238

*An on-call hour was added during 2018

Billings Police Department marked the 30th anniversary of the death of Officer Alex Mavity, the only Billings officer killed in the line of duty. A small memorial at the Police Department included wreath from the Billings Police Protective Association and a cut-steel piece of art from the Montana Concerns of Police Survivors group which lists Mavity's "End Of Watch" date Feb. 14, 1989.

Chat With the Chief

Chief St. John hosts public meetings at least twice a year in a format called *Chat With the Chief*. In 2018 Chief St. John was a guest of Talk Radio KYYA several times to answer questions and comments from the public that were emailed to the radio host in advance of the show.

He held a live *Chat With the Chief* at Lewis & Clark Middle School on April 12, 2018, and again on November 14, 2018; and then at Peace Lutheran Church on September 23, 2018. He participated in a Safety Symposium at the Northern Hotel on November 14, 2018.

During the *Chat With the Chief* sessions, citizens are able to take advantage of the opportunity to not only ask questions, but share with Chief St. John their ideas, thoughts, concerns, observations, or whatever else might be on their minds.

Keep up with Billings Police Department information any time, any where

The public is notified of upcoming events via our Facebook page.

Citizens can also stay abreast of information by following the Department's Twitter account, @BillingsPD. The Department is adding more information to its pages on the City's Web site at

<https://www.ci.billings.mt.us/101/Police>

Billings Metro VISTA Project

Each year the City of Billings Community Development Division hosts Volunteers in Service to America (VISTA) volunteers. These volunteers delve into community issues in an effort to identify causes and develop solutions.

Among the 2018-19 VISTA assignments is a Community-Wide Opioid and Methamphetamine Response Initiative.

Volunteers Amy Trad and Nick Fonte have gathered information from stakeholders throughout the community as part of this initiative. They spend several hours each week at Billings Police Department, combing through drug cases investigated by officers and learning about meth, opioid and other drug crimes.

The following pages summarize the data they compiled on cases from the fourth quarter of 2018.

Fourth Quarter 2018 Drug Offense Cases

Data collected and analyzed by AmeriCorps VISTAs Amy Trad and Nick Fonte

	Total Drug Offense Suspects	Total Drug Offense Cases	Total Cases	Percentage of Drug Offense Cases
October	109	69	1446	4.77%
November	127	82	1505	5.45%
December	119	75	1480	5.07%

The above chart displays the total number of drug offense suspects, the total number of drug offense cases, and the total number of calls that resulted in a case for each month of the fourth quarter of 2018 (October, November, and December). The far right column displays the total number of drug offense cases as a percentage of the total number of cases for each given month.

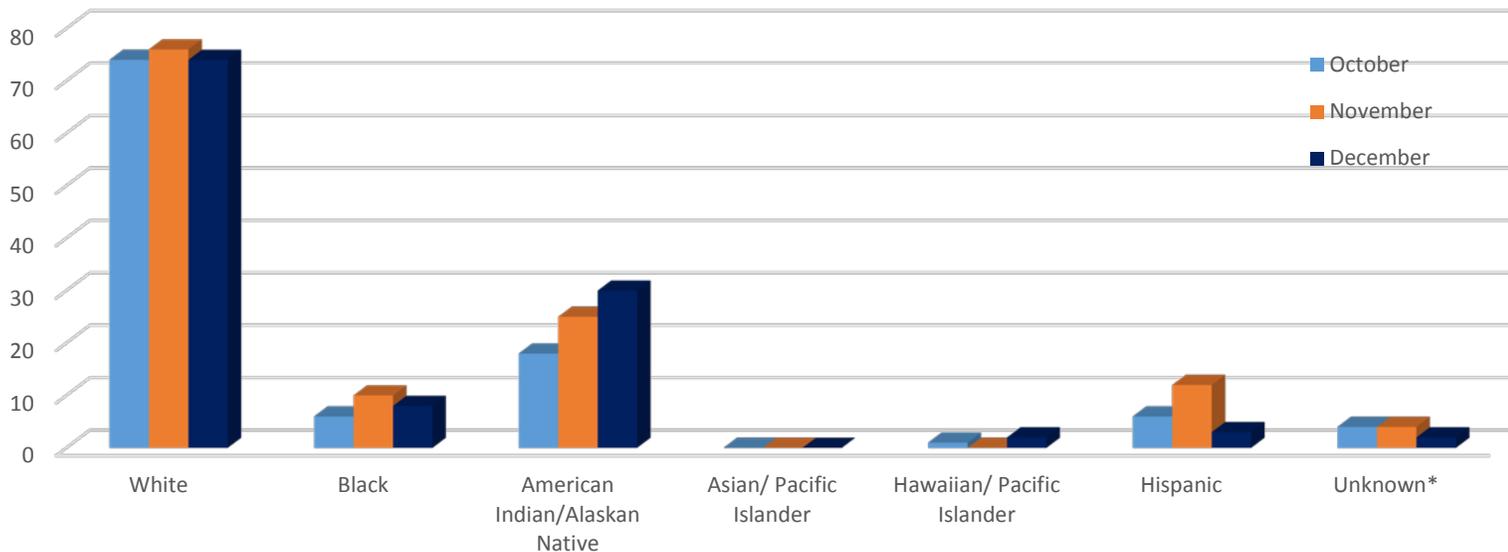

Demographic Data for Drug Offense Suspects

The graph to the right displays the gender of the individual suspects involved in drug offense cases in the fourth quarter of 2018. For the months of October and November the number of male suspects is only slightly higher than the number of female suspects. For the month of December, however, there is a slightly larger disparity, with 79 male suspects and 40 female suspects.

Gender of Case Suspects

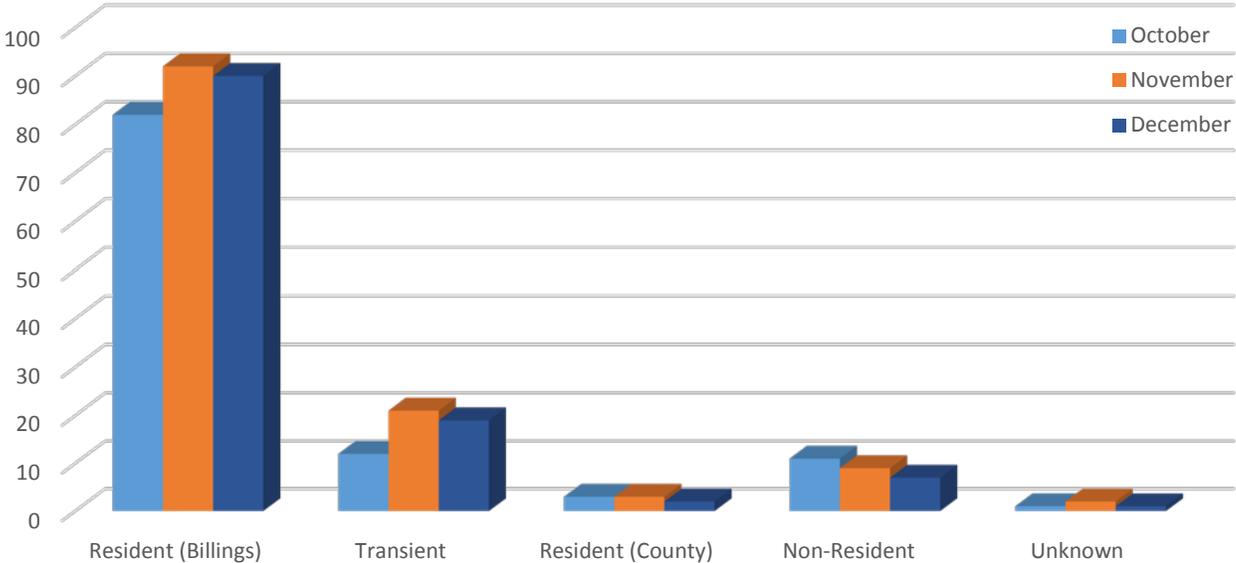

Race of Case Suspects

The figure to the left displays the race of individual suspects involved in drug offense cases in the fourth quarter of 2018. There are a large majority of White individuals involved with drug offenses over this three month period, which correlates with the racial breakdown of Billings, MT being 86% white (according to 2015 census data).

Case Suspect Resident Status

The graph to the left shows the resident status of the case suspects involved in drug offense cases in the fourth quarter of 2018. It is clear that a majority of case suspects have a residential street address in Billings. This is an important point, considering a number of conversations involving drug crime tend to point out the transient population, which is a small portion of individuals involved.

Displayed in the chart to the right are the age ranges of case suspects involved in drug offense cases during the fourth quarter of 2018. Consistently, the largest age group of case suspects is the 30 to 40 age range. The average age for a drug offense case suspect for the month of October was 31, for November was 33, and for December was 30.

Age	Number of Case Suspects in Age Range		
	October	November	December
13-17	14	8	10
18-21	16	10	18
22-29	24	32	33
30-40	36	46	44
41-50	17	19	8
51 and above	2	10	6
Average (mean) Age	31	33	30

Recidivism Rate

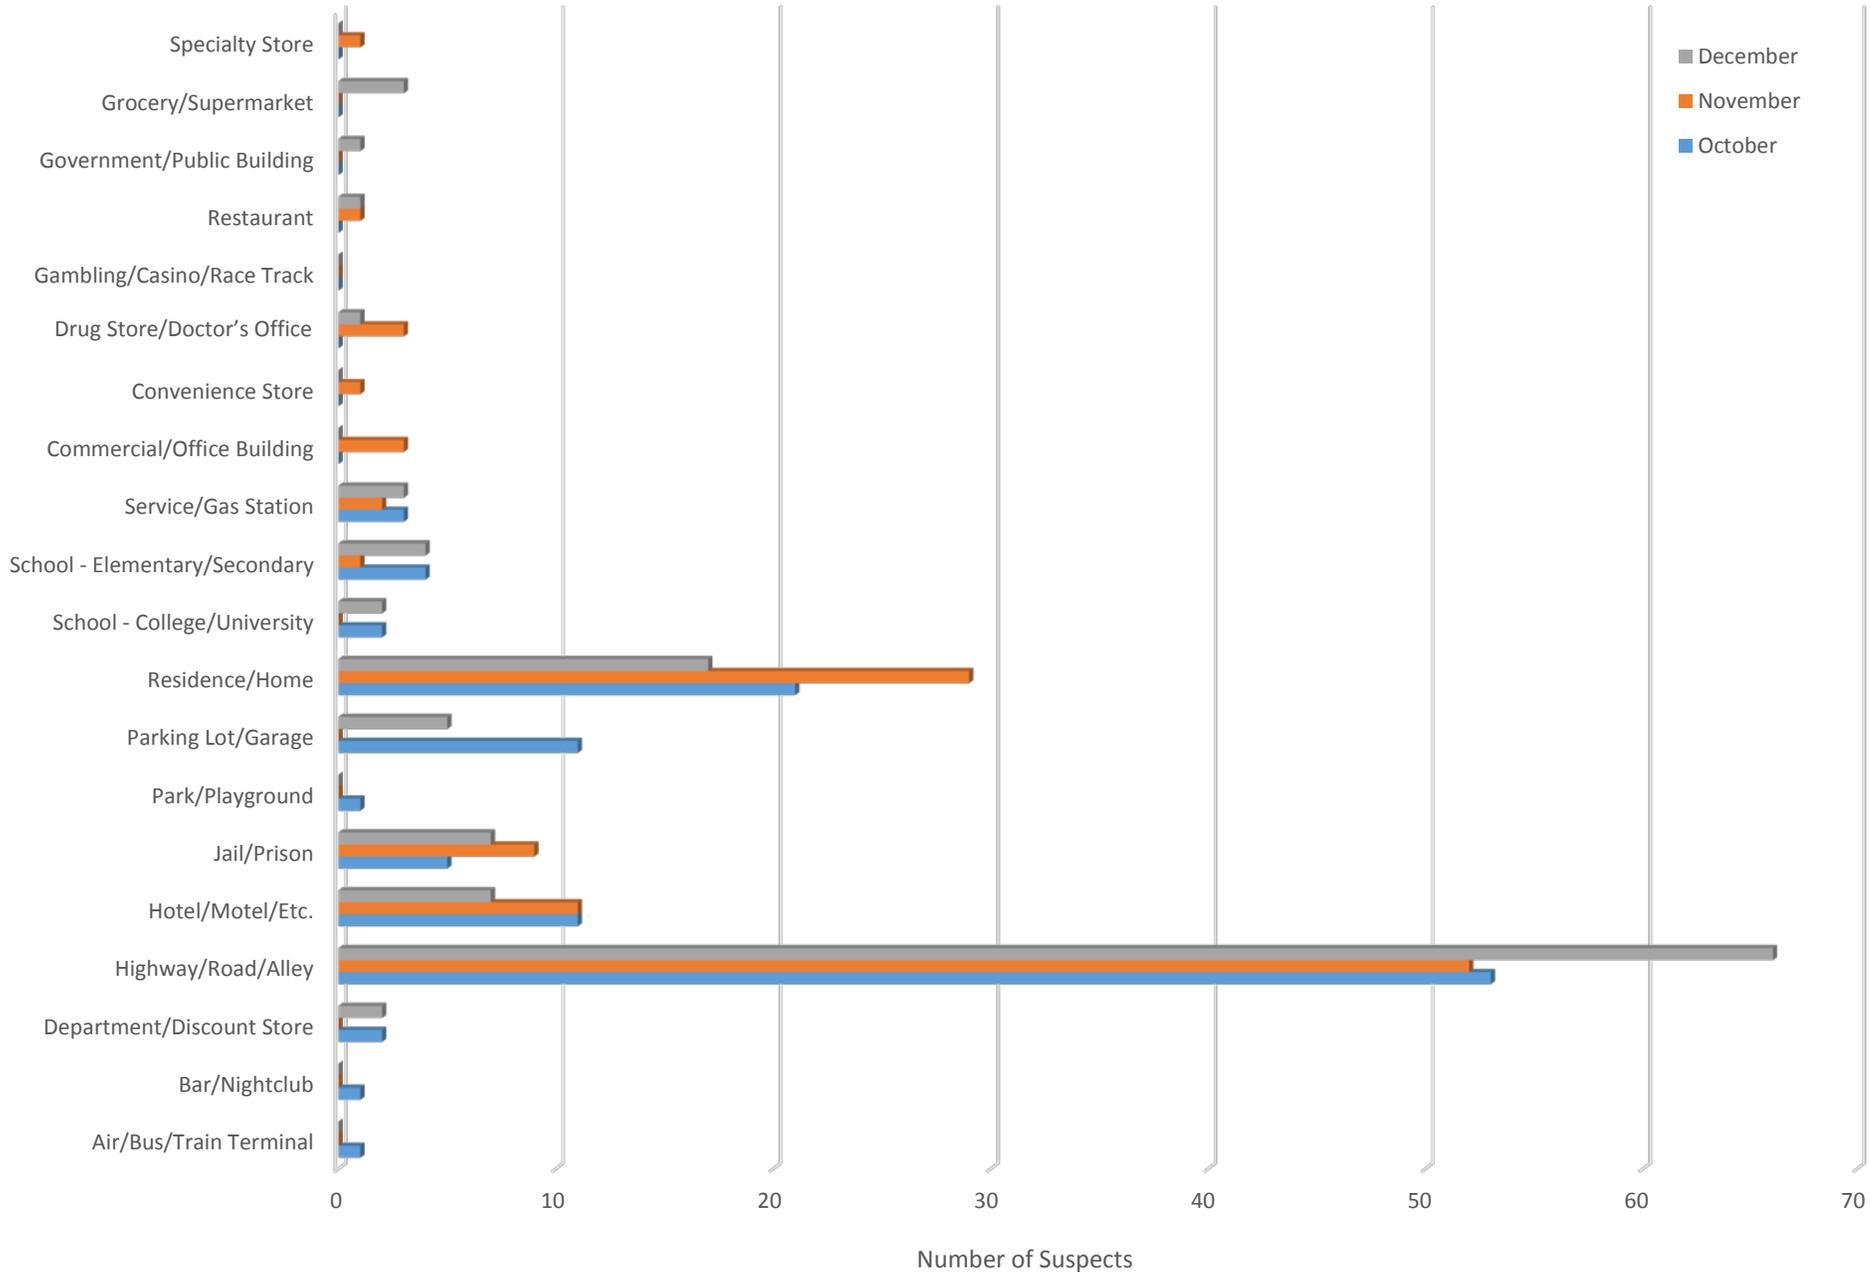

There were a total of 305 unique individual drug offense suspects for the fourth quarter of 2018, not including unknown suspects.

There were a total number of 53 instances where a previous drug offense suspect, from one of these three months, was charged a second or third time.

Of those 305 individuals, 25 were charged with a drug offense more than once.

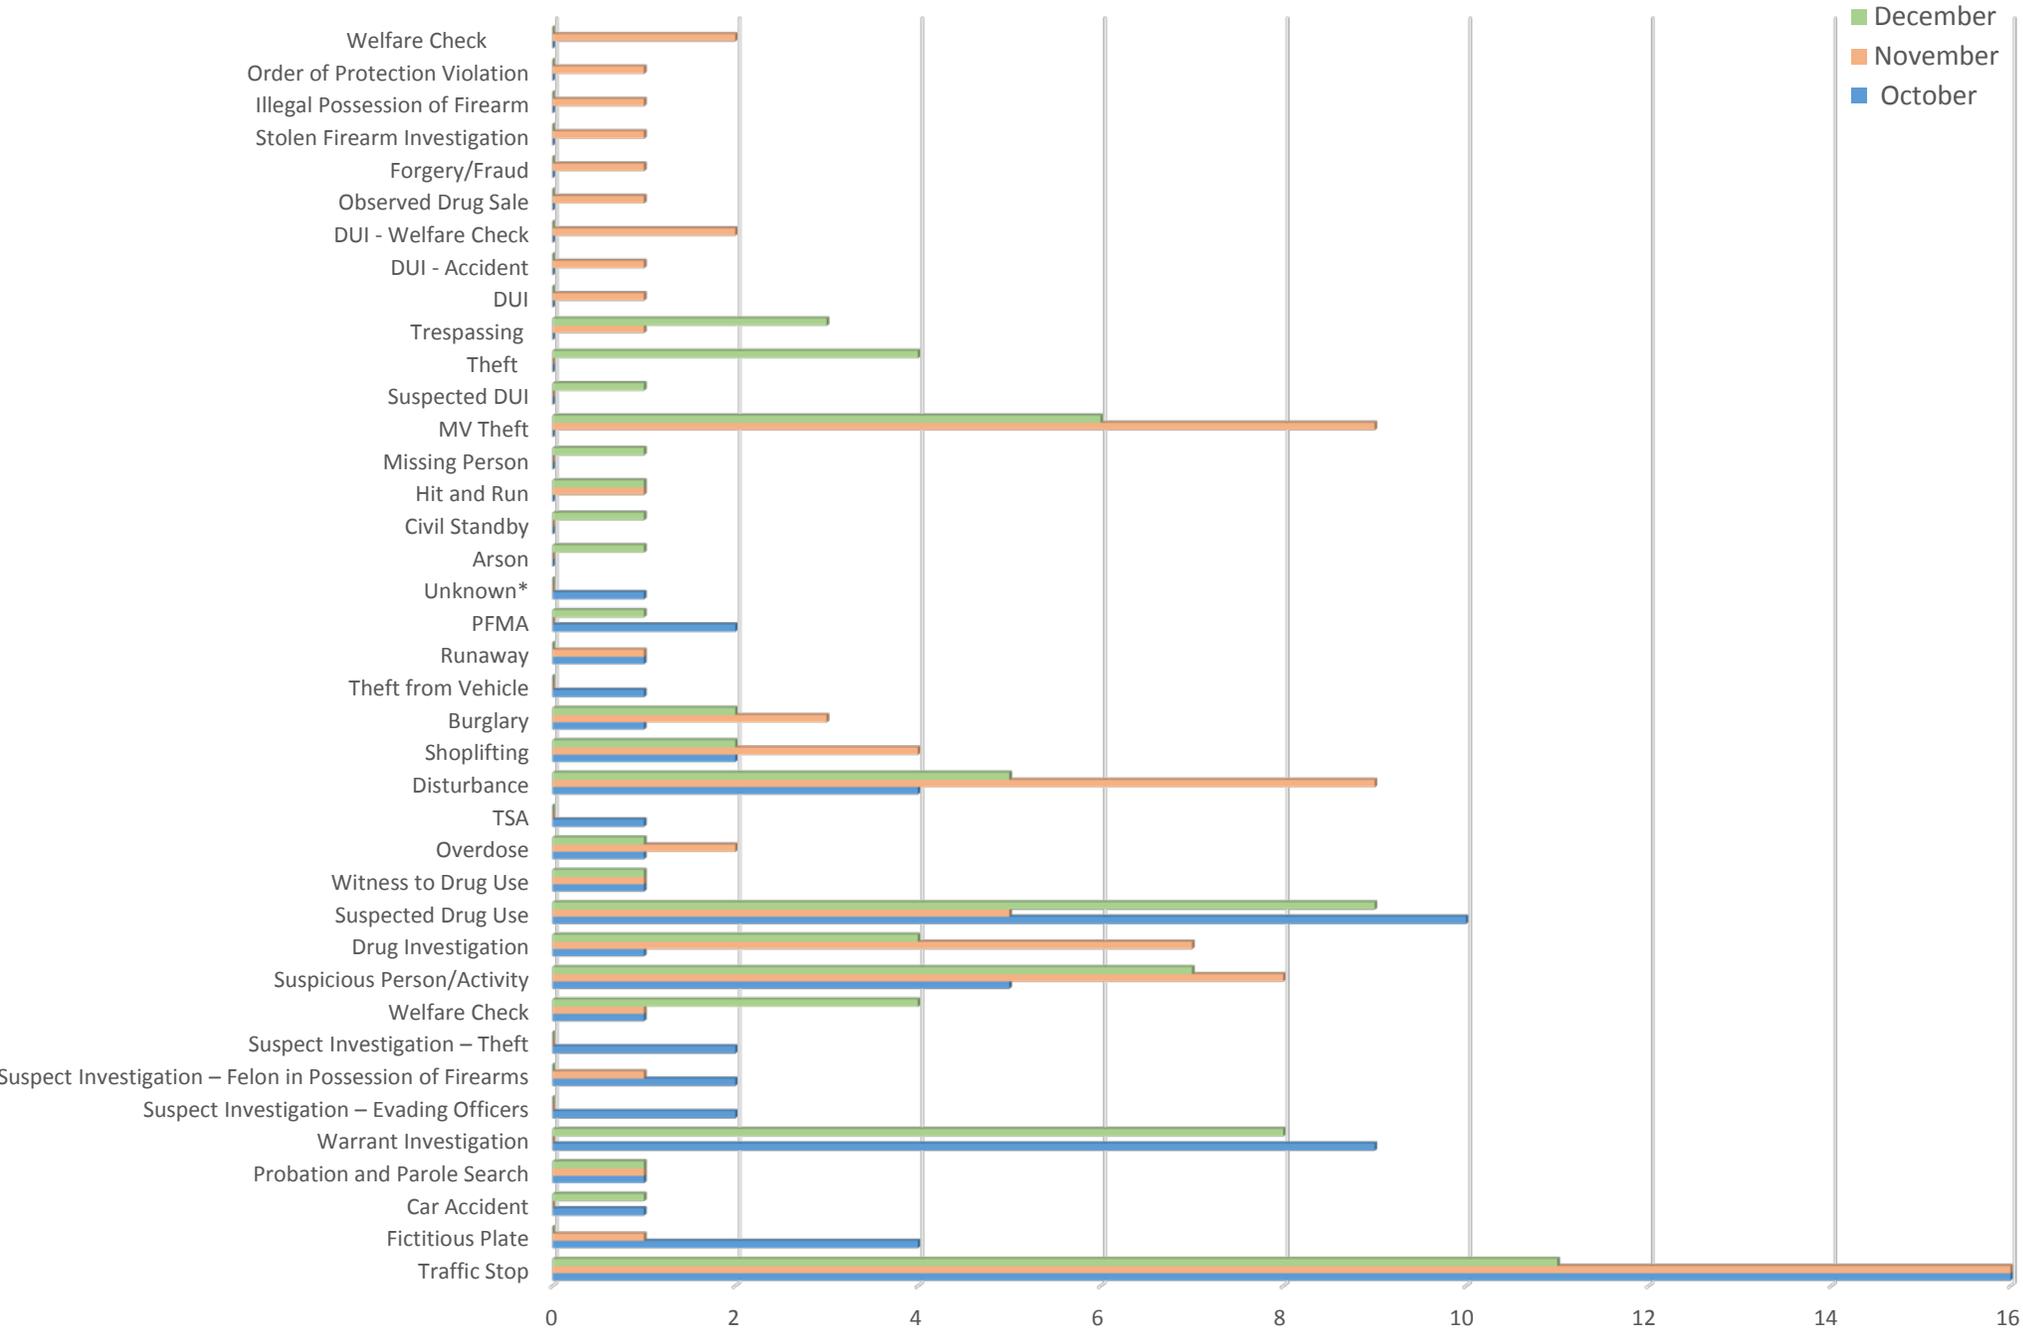

Thus meaning the recidivism rate for the months of October through December would be **8.2%**

Suspect Arrest Locations

The graph to the left shows the various scene locations where suspects were found to be in possession of drugs and/or drug paraphernalia and thus charged with a drug offense during the fourth quarter of 2018. Across all three months, the most individuals were arrested at a Highway/Road/Alley. The reason Jail/Prison shows up as a drug offense arrest location, is drugs and/or paraphernalia was found on an individual as they were being searched during the booking process.

Initial Cause of Drug Offense Incident

This graph (left) shows the various initial causes of drug offense incidents in the fourth quarter of 2018. Across all three months, the number one cause for a drug offense incident was traffic stops. Other common reasons why calls were made to dispatch that resulted in drug cases were Suspected Drug Use, Warrant Investigations, Disturbances, Motor Vehicle (MV) Theft, Drug Investigations (typically involving the Street Crimes Unit), Suspicious Person/Activity, and Welfare Checks.

Top 5 Drug Combinations by Month

Top 5 Drug Combinations in October 2018	Number of Cases
Marijuana	35
Methamphetamines	31
Marijuana, Methamphetamines	11
Prescription Opioids	4
Methamphetamines, Prescription Opioids	3

Top 5 Drug Combinations in November 2018	Number of Cases
Methamphetamines	26
Marijuana	14
Marijuana, Methamphetamines	9
Prescription Opioids	2
Heroin	2

Top 5 Drug Combinations in December 2018	Number of Cases
Methamphetamines	22
Marijuana	22
Marijuana, Methamphetamines	8
Prescription Opioids	2
Heroin	2

The three charts, shown to the left, display the top five drug combinations for each month of the fourth quarter in 2018. The number of cases corresponds to the number of times a drug offense case involved possession of drugs/paraphernalia related to the specified drug(s). Some of the top combinations were not combinations at all, but rather one specific drug. When listed with a comma, the various drugs listed were found in the same case. For October, November, and December the top three drug combinations for drug offense related cases were Methamphetamines, Marijuana, and Marijuana and Methamphetamines (not always in this order). The remaining top combinations included Prescription Opioids, Methamphetamines and Prescription Opioids, and Heroin.

Top 5 Drugs by Weight Seized by Month

To the right, the three charts display the top five drugs seized by Weight (measured in grams or number of pills) for each month of the fourth quarter in 2018. Methamphetamine and Marijuana appear in the top five list for October, November, and December. The amount of drugs seized each month varies dramatically, and this is in part due to the consumable nature of these illicit substances, as well as the possibility there may have been a bigger drug investigation going on in a given month yielding a greater quantity of drugs seized.

Top 5 Drugs by Weight in October 2018	Weight/Amount
Methamphetamines	203 g
Amphetamines	102 g
Marijuana	51.8 g
Prescription Opioids	51.5 pills
Heroin	46 g

Top 5 Drugs by Weight in November 2018	Weight/Amount
Marijuana	168.35 g
Methamphetamines	43.1 g
Prescription Opioids	97 pills
Antidepressants	39.5 pills
Fentanyl	32 pills

Top 5 Drugs by Weight in December 2018	Weight/Amount
Heroin	185.5 g
Marijuana	168.59 g
Methamphetamines	136.42 g
Clonazepam	107 pills
Alprazolam	39 pills
