

General Instructions for Registering in DUNS / SAM

If you have not previously registered in **DUNS or SAM**, read all instructions below before you register in these systems.

IMPORTANT FACTS

1. All organization/entity information **MUST BE IDENTICAL IN BOTH DUNS and SAM**.
 - You cannot enter one address for DUNS and then a different address for SAM. This will cause a system error and result in significant delays.
 - You cannot have unequal spacing between words in the primary contact information fields. Be very precise when entering all data.
2. Certain internet browsers work better than others for navigating the SAM system. Click the “Help” drop down menu, then review the Frequently Asked Questions (FAQ) for guidance.
3. Obtaining a CAGE or NCAGE code is an important first step in this process. Please scroll to the “Definitions” section below for further information.
4. For SAM Customer Service, contact Federal Service Desk: [GSAFSD Service Portal Landing - GSA Federal Service Desk Service Portal](#)
5. There is no registration fee for DUNS or SAM for any organization that is a (or is applying for) financial assistance recipient of the US government, including contracts, grants, and cooperative agreements. There are businesses that will assist in registration for a fee, but you are not required to make payment to any DUNS representatives for purposes of contracts, grants, or cooperative agreements.

SAM INSTRUCTIONS TO READ PRIOR TO REGISTRATION

1. Read the [Quick Start Guide for Entities Registrations](#)
2. Go to www.sam.gov
3. Click on the “Help” Tab.
4. In the “Most Popular Help Topics” click the “More FAQs” link, expand the “Entity Registration” menu, then click the “Frequently Asked Questions” link. This is where you will find more specific guidance.
5. Once you have read through the formal instructions on the SAM website, you can use the instructions below for basic reference when entering SAM organizational information.

DEFINITIONS

DUNS Number

Dun & Bradstreet (D&B) provides a DUNS Number (a unique nine-digit identification number) for each physical location of your business. DUNS Number assignment is FREE for all businesses required to register with the US Federal government for contracts or grants.

If your organization does not have a valid DUNS number, you must request one using one of the methods below. Regardless of the method used, requesting the DUNS number for the first time is free of charge at <http://fedgov.dnb.com/webform>

- The DUNS website has information available in English only.
- Requesting a DUNS number is free of charge.

If your organization already has a DUNS number, please verify that it is valid. The DUNS number must be renewed on an annual basis directly through the DUNS website at <http://fedgov.dnb.com/webform>

CAGE Code in SAM

The Commercial And Government Entity (CAGE) Code is a five-character ID number used extensively within the U.S. federal government, assigned by the Department of Defense's Defense Logistics Agency (DLA). The CAGE code provides a standardized method of identifying a given facility at a specific location.

A CAGE code will be automatically assigned to you as a part of your entity's registration in SAM.

The DLA is the government agency responsible for administering CAGE codes. You should email or call the DLA Customer Interaction Center to clarify the error. Agents are available 24 hours a day, 7 days a week, including holidays. Once the error is cleared then you can go back in SAM and resubmit your registration. Toll Free: 1-877-352-2255; Commercial: 1-269-961-7766.

SWIFT Code

SWIFT code is a standard format of Bank Identifier Codes (BIC) and it is a unique identification code for a particular bank. These codes are used when transferring money between banks, particularly for international wire transfers. Banks also used the codes for exchanging other messages between them. The SWIFT code consists of 8 or 11 characters. When 8-digits code is given, it refers to the primary office.

- First 4 characters - bank code (only letters)
- Next 2 characters - ISO 3166-1 alpha-2 country code (only letters)
- Next 2 characters - location code (letters and digits) (passive participant will have "1" in the second character)
- Last 3 characters - branch code, optional ('XXX' for primary office) (letters and digits)

Currently, there are over 7,500 “live” SWIFT codes. The "live" codes are for the partners who are actively connected to the SWIFT network. On top of that, there are more than 10,000 additional codes, which are used for manual transactions. These additional codes are for the passive participants. The registrations of SWIFT Codes are handled by Society for Worldwide Interbank Financial Telecommunication (“SWIFT”) and their headquarters is located in La Hulpe, Belgium.

NAICS

The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy. **You DO NOT need a NAICS code if you are a nongovernmental organization applying for a grant.**
